Corporate Gift Guide

BRIGHTLAND.CO

Artfully designed from the inside out

Brightland is all about turning the day's bites into little bursts of happiness. With olive oils made on family farms, small-crafted vinegars, and honey harvested by family beekeepers, our sweet spot is where artfully-designed products meet an appetite for a beautiful life.

Grown on family farms in California's Central Coast, our olives are cold-pressed within 90 minutes of harvest for peak flavor (and freshness).

Our fruit-forward vinegars are made from Chardonnay and Zinfandel grapes, Navel and Valencia oranges, and ripe Triple Crown blackberries, all grown in the nutrient-rich soil of California's Central Coast.

Made by 4th generation beekeeping families, our intensely floral raw and unfiltered honeys are as close to the hive as you can get.

With beautiful bottles, thoughtful sourcing, and exceptional flavor, Brightland makes the perfect gift for your employees, clients, customers, and friends.

Optional Gift Note

No additional charge for a gift note
Each note needs to have the same message

Gifts Under \$50
